THE
WEST SUSSEX ANTIQUE TIMBER COMPANY
LIMITED

INTRODUCING THE COMPANY

The West Sussex Antique Timber Company is an environmentally aware organisation established over thirty years, set in the shade of the South Downs. We use the finest quality timber from sustainable sources.

We skillfully capture the natural warmth and character of wood, resulting in products of timeless beauty. Our products range from stunning solid wood floors, doors, mouldings and bespoke furniture, through to complete building projects such as barn conversions and new builds.

Our clients include The National Trust, English Heritage and The Crown Estate.

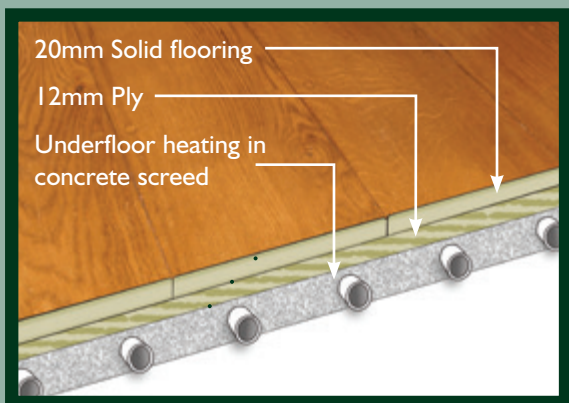

TIMBER FLOORING

Our oak flooring is kiln dried, tongue and grooved French Oak of the highest quality. Random or fixed widths boards are hand-planed and can be stained to almost any colour and finish with antique oils and sealants. The new timber can be distressed to evoke the appearance of an authentic floor in a period setting, seamlessly blending in with the surroundings. In addition, we supply elegant Parquet wood floors, Versailles and Basketweave panels.

Our expert carpenters will lay your floor using a combination of traditional methods and materials. We can also frame your floor in traditional oak skirting boards, which can be moulded to any profile in our joinery shop.

Call us and speak to one of our advisors who can discuss your entire project in detail.

UNDERFLOOR HEATING

We have many clients who enjoy the luxury of solid oak floors combined with the benefit of underfloor heating. Our floors work very well together with all types of underfloor heating systems.

JOINERY

Our accomplished team of craftsmen bring their own specialised skills to each project. Expertise and time are invested in every undertaking and we are proud of our outstanding customer service.

We create handsome interior and exterior doors, from cottage style ledge and brace oak doors to panelled Edwardian front doors.

Windows can be made to suit any surround, whether it be graceful sashes or rustic casements.

Staircases can also be made to any new or replacement bespoke specifications, using timeless methods with hand turned spindles, newell posts and handrails.

An extensive range of ironmongery is available to complete each project.

Visit our showroom in Wisborough Green, West Sussex and we can show you a range of our products. Alternatively take a look through the showroom area of our website www.wsatimber.com to see examples of our craftsmanship. Locality need not be an issue as items can easily be shipped to any destination worldwide.

OAK FRAMED BUILDINGS

We offer a complete building service from planning and complete restoration or new builds. We utilise premium quality materials, such as 300 year old oak beams and hand made clay peg tiles, in order to give our clients a faultless end product.

BEAMS

We supply beautiful antique reclaimed oak beams, kiln dried or green oak beams. We also supply oak beam casings which can be used to disguise unsightly structures, for example steel joists. A range of textures and finishes can be achieved in order to harmonise the beams with their new architectural environment.

OUR CORE SERVICES

Our traditional skills and experience means we can use our beautiful timber to build you a variety of items.

FURNITURE

Our exquisitely crafted tables are made using traditional methods with hand selected timbers carefully seasoned and dried to reduce moisture levels.

From bespoke pieces of furniture designed and built to fit perfectly into your home to a custom fitted staircase or wardrobe, to a conservatory to include a roof lantern, our timber will provide the longevity and look that you dream of.

FITTED WARDROBES

Our joiners can create and fit elegant, bespoke wardrobes and cupboards.

LANTERN / CONSERVATORIES

Traditional craftsmanship is used in creating a desirable oak framed addition.

OAK FRAMED BUILDINGS

A complete building service is offered from planning to complete restoration or new build.

MOULDINGS

A complete range of ready-made solid oak mouldings is offered, or bespoke items can be created.

STAIRCASES

Our joiners will work with you to design and hand build you a bespoke staircase to suit your home.

SOLID OAK FLOORS

Our random width oak floors are second to none.

CONTEMPORARY FLOORING

Perfect if you love the feel of real wood beneath your feet, but want a modern look.

PARQUET FLOORING

Parquet flooring can be supplied and laid in the traditional herringbone pattern.

WINDOWS

Can be made to suit any surround, whether it be graceful sashes or rustic casements.

INTERNAL DOORS

Handsome interior doors can be made to suit your home, from cottage style ledge doors to panelled doors.

EXTERNAL DOORS

Our external doors age beautifully over time. They are made to measure and finished with the door furniture of your choosing.

OAK PANELLING

Rooms can be panelled in oak raised and fielded panels to create a stunning new effect.

ENGINEERED BOARDS

We offer a select range of hand-finished or finished engineered boards.
